

ESP Membership Committee Report

The last report I had, we have 108 regular members so far. Thank you all for your additional commitment to the Extension Profession through your Epsilon Sigma Phi membership.

We are proud to report that we have ten New Members this year. They are: Deana K. Reed, Danielle Hutchins, Rebecca Hill, Sherry L. Baird, Jacquie Jacobs, Anne Stephens, Tracey Tashjian, Robert Tashjian, Brad Lee and Cherry Kay Smith.

We have six new Life Members. They are: David Harrison, Nancy D. Hunt, Louise Moore, Peggy H. Powell, Karen Ramage and Martha W. Thompson.

We appreciate the support we receive from our administration. We give a special thanks to Dr. Jimmy Henning and any others who helped make it possible for Epsilon Sigma Phi members to receive an additional \$1,000 in professional improvement funds to be used for state and/or national ESP meetings in any counties that can afford to do this in the coming fiscal year. That is certainly a great incentive to join ESP.
